**Business:** The group's principal activity is to design, manufacture and market video computer boards and video conferencing boards. The products are manufactured and sold for the personal computer market and the apple(R) macintosh(R) market. The operations are divided into three product lines that are sold under the wintv(r): analog tvreceivers, digital TV receivers and personal video recorders. The analog TV receiver product line allows PC users to watch cable TV on their PC screen in a resizable window. The wintv digital TV receivers can receive digital TV transmissions and display the digital TV show in a window on the user's PC screen. The PC-based personal video recording (pvr) products allow PC users to watch and record TV shows with instant replay and program pause functions. The products are sold domestically and internationally through sales offices in New York, California, Germany, the United Kingdom, France, Singapore, Netherlands and the People's Republic of China.
