**Business:** The group's principal activities are to provide offshore marine services and environmental services. The offshore marine services segment charters vessels to owners and operators of offshore drilling rigs and production platforms, both domestically and internationally. The vessels deliver cargo and personnel to offshore installations, handle anchors for drilling rigs and other marine equipment, support offshore construction and maintenance work and provide standby safety support. The environmental service business provides contractual oil spill response and other professional services to those who store, transport, produce or handle petroleum and certain non-petroleum oils. The group has operations in the United States, gulf of Mexico, offshore west Africa, the north sea, the Far East, Latin America and mediterranean.

**Business:** The group's principal activity is to manufacture and sell food protective and specialty packaging products. It operates in two business segments: food packaging products and protective and specialty packaging products. Food packaging products are marketed for perishable food products, rigid packaging and absorbent pads to food processors, distributors and food service businesses. Protective and specialty packaging products provide cushioning, surface protection and void fill to distributors and manufacturers in a wide variety of industries. It also manufactures and sells specialty adhesive tapes, solar collectors, recycled kraft paper, loose-fill polystyrene packaging, covers for swimming pools, elimination and neutralization of static electricity. The group's trademarks are cryovac, dri-loc, cell-aire, cellu-cushion and korrvu. It operates and distributes products in the United States, North America, Europe, Latin America and Asia-Pacific.

**Business:** The group's principal activity is painting of marine vessels. The products are marketed under the brand name of sealife 1000tm. The sealife 1000 product is competitive, as it protects hulls of ships longer than other normal paints. It does not require a primer coat and is environmentally friendly. Sealife 1000 is anti-foul coating authorized to be labeled environmentally compatible by the us environment protection agency ("epa"). The other products of the group include sealife 2000tm and sealife 3000tm which are in the research and development stage. On 20-Dec-2002, the group acquired sealife corp and changed its name from integrated enterprises inc.
