Business: The group's principal activity is to accept retail deposits from the general public and invest those deposits together with borrowings and other funds in multi-family and single-family residential mortgage loans. The group is a community-oriented saving institution dedicated to serving the african-american, hispanic and other communities of mid-city and south central los angeles, California. It also invests in non-residential real estate loans secured primarily by church properties and commercial properties. In addition, the group invests in securities issued by the federal government and agencies, mortgage-backed securities, mortgage-related mutual funds and other investments. The group conducts its business through three banking offices in los angeles and one banking office located in the city of intelevend.

Business: The group's principal activity is to design, develop, market, sell and support data storage networking products and services. The group delivers products and provides education and services that allow companies to implement available, scalable, manageable and secure environments for business-critical storage applications. The silkworm family of fibre channel fabric switches enables customers to create san fabric to support the interconnection of hundreds of server and storage devices. This is compatible with existing and recently introduced products, providing investment protection for the customer. The products are sold through OEM partners, distributors, system integrators and resellers. On 27-Jan-2003, the group acquired rhapsody networks inc, a privately held technology company based in fremont, California. The group's registered trademarks are brocade, silkworm, and the brocade logo.
