Business: The group's principal activity is to finance customer accounts receivable generated under revolving charge accounts. The receivables are generated through the use of credit cards issued by national banking association. The accounts and visa accounts are originated through the use of credit cards issued by the bank and federal savings association. The group pays a monthly marketing fee to the bank for its marketing efforts to increase customer accounts receivable balances upon which the service income is generated. Rental income is generated from lease of a group owned building.
