Business: The group's principal activity is to design and manufacture power conversion products for the communications infrastructure market. The group's products are used to convert and process electrical energy to the high levels of quality, reliability and precise levels of dc voltage required by the digital economy. The group's products include ac/dc power supplies, dc/dc converters, dc power systems, dc/dc point-of-load converters and digital power management architecture. The major customers of the group include Cisco Systems, Nokia, Nortel, Lucent, Alcatel, Hutchison 3g, Extreme Networks, Motorola, Agilent, Siemens and Teradyne. The group has operations in Dominican Republic, Norway, Switzerland, China and Ireland. The group markets its products through a global sales force with direct sales offices in Europe, North America, Asia and Australia.
